Department of Radio-Diagnosis, Fetal Medicine Unit
and
Department of Obstetrics and Gynaecology

Cordially invites you to the
“MULLER FETAL MED - 2024”

On 14th April, 2024 from 8.00 am
at Decennial Memorial Hall, FMMC, Mangaluru

Greetings from Father Muller Family,

Fetal Imaging is a dynamic and rapidly evolving field, crucial for monitoring the health and development of the unborn. Keeping abreast of the latest technologies and techniques is imperative. The rising concern over fetal health and the importance of early detection have underscored the need for expertise in fetal imaging.

At Father Muller Institutions, it is our constant endeavour to upgrade our services and update our knowledge. And it is as per this vision that we have recently started a dedicated Fetal Medicine Unit with well trained experts from both Radiology and Obstetrics Departments - Dr. Muralidhar GK, Radiologist and Fetal Medicine Specialist, trained at BFMC, Bangalore, Brigham and Women's Hospital Boston USA and King's College London. Dr Prathima Prabhu, High risk Obstetrics and Fetal Medicine Specialist, trained at Fernandez Hospital, Hyderabad. Ably supported by Dept. Head Dr. Ram Shenoy Basti and team, with Interventional Radiologists Dr Lenon J D'Souza and Dr Mandeep, and a whole team of dedicated Obstetricians and Gynecologists, headed by Dr Deepa Kanagal.

Today, we are delighted to announce a one-day Continuing Medical Education (CME) on Fetal Imaging, scheduled to take place at the Decennial Memorial Hall, Father Muller Medical College on 14-04-2024.

Esteemed speakers, Dr. BS Ramamurthy and Dr. Rachita Ramamurthy, leaders in the field of Fetal Medicine, will be sharing their expertise. Dr. BS Ramamurthy, a distinguished figure in Fetal Medicine, brings a wealth of experience from his years of service. Dr. Rachita Ramamurthy, known for her contributions to Fetal Imaging, adds a fresh perspective to the discussions.

Join us for this exceptional event to gain insights and updates in Fetal Imaging. The CME promises to be an invaluable opportunity for learning and networking. Early registration is encouraged to secure your spot at this significant event.

SCIENTIFIC SESSION

8.00-8.30am	Breakfast and Registration	
8.30-9.00am	ISUOG Guidelines – CNS & Heart	Dr. Ram Shenoy Basti
