Seminar On Innovative Learning Strategies

IQAC organized a seminar on '**Innovative Learning Strategies**' on 21.05.2016 at 10 am in the Syndicate hall of Father Muller College of Nursing. Dr Savitha welcomed and introduced the resource person, Dr Flossy C.R. D'Souza, Associate Professor, St Ann's College of Education. The session began with key message to focus on the learning strategies than the teaching strategies. It consisted of an active learning strategy which includes innovative learning methods at different levels i.e. individual, pair and group. She illustrated on cooperative learning strategies with an explanation on differentiating between cooperative learning and collaborative learning. The total number of beneficiaries was 27 faculty and eight PG students. The session ended at 12.35 pm.
